SUMMARY

I'm a Full-Stack Developer working in JavaScript, React, Node.js, and Express technologies. Before becoming a developer, I was an Office Services Coordinator at an investment banking firm. In this fast-paced environment, I learned to pick up new skills quickly, while being self-sufficient. I'm currently working on "Complete Me!", which is a game that I invented using the MERN stack for my final project as a Web Development Immersive student at General Assembly.

SKILLS

JavaScript | React | Node.js | Express | Mongoose | MongoDB | NoSQL database | Python | Django | SQL database | PostgreSQL | CSS | Bootstrap | Materialize | HTML5 | jQuery | Underscore | Socket.io | OAuth | Jason Web Tokens | Passport | Bcrypt | AJAX | APIs | GitHub | AWS

PROJECTS

Word Completion Game | Complete Me!
- I invented, designed, and developed a 2-player, competitive, word-completion game using JavaScript, React, Node.js, Express, Socket.io, and Jason Web Tokens.

Drinking Trivia Game | Fizz Quiz
GitHub manager | API manager
- As a group of 3, we built a trivia-based drinking game that used the MEN stack
- As the GitHub manager, I watched over the GitHub master repo and reviewed code pushed from branches before merging to the master branch
- As the API manager, I used RESTful API routes to consume the Open Trivia Database

Photo Contest Website | Like.
- I built a photo-contest app using Python, Django, and PostgreSQL to perform CRUD operations.
- The photos were uploaded using AWS.

Blackjack-Game
- I built a single player blackjack game using Vanilla JavaScript, HTML5, and CSS.

EXPERIENCE

Office Services Coordinator | June 2015 – Sept 2018
Houlihan Lokey | Los Angeles, CA
Houlihan Lokey is an investment bank in Century City, Los Angeles. As an office services coordinator, I was responsible for the day-to-day operations from ordering supplies, coordinating with assistants, and helping plan and execute company events.

EDUCATION

General Assembly | Downtown Los Angeles
WDI Web Development Immersive, 2018 – 2018

California State University | Long Beach
B.S. Exercise Science, Kinesiology 2008-2013
